

BABY BUTTER CAKES™

Introducing the newest addition to our luxury lettuce line: Baby Butter Cakes™! These petite heads of butter lettuce get their name from their buttery flavor and cake-like shape. They are soft and luscious with ribboning leaves that hold onto all types of dressing. Baby Butter Cakes™ contain 3 times more leaves than an average butterhead lettuce. All in uniform shape and size (as seen in the image below). Available in both green and red, they are great for all types of salad, sandwiches, burgers, poké and more!
